Resolution: Considering that the Supervision work has of late increased by leaps and bounds owing chiefly to northern and western extensions, it was unanimously resolved that the maintenance of a pound by the Overseer is indispensably necessary and that the sanction of Govern. must be obtained for the allowance recommended, the Board being in a position to meet the extra cost.

Memo explaining briefly the Budget items of Receipts & Expenditure for 1901-1902.

Receipts:-

Octroi. The receipts under this head have as usual been based upon the actuals of 1899-1900 and of the 1st half of the year 1900-1901 and also upon the probable collection for the 2nd half of the year 1900-1901.

House-tax and Mohatarfa. The estimates under these two heads have generally been based upon the Jamabandi of the year 1900-1901.

iii The remaining items have also been estimated on the same bases as the octroi and do not call for any special explanation.

Expenditure.

Head office Charges.

The sanctioned estimates for the year 1900-1901 have been repealed for the year 1901-1902 regarding all the Municipalities of the District except that of Hassan in the budget of which an additional provision of Rupees 120 has been made on account of horse allowance to the Overseer at Rupees 10 per mensem. A separate report has already been made on the subject.

III. Collection.

It having since been ascertained from the Superintendent of Revenue Survey in Mysore that the Municipal Mohatarfa collections were not taken into account while fixing the Potgi of the Servants (Potels and Shanbogues) of Arsikere, Sakleshpur and Harnahalli

Harnahalli provision has, for the first time, been made for the commission to be paid on account of Mohalarfa collection in those Municipalities - The commission has been calculated at 5 Per cent on the realization of the year 1899-1900 in accordance with Government Proceedings No. 12704-13 / L & 295-96 Dated 8th May 1899.

Conservancy.

The amount provided for the purchase of dust bins etc, in the budget of the year 1900-1901 for the Municipality of Sankalespur not having been utilized within the close of the year the same has been repeated for the year 1901-1902.

Lighting.

In the Belur Municipality provision has been made for the purchase of power lamp posts etc.

The

the sum of Rupees 25
for the purpose during
1900-1901 has been reappro
priated for the purcha
of lamps and sanction
obtained therefor in G.
Government order No. 13062-3
C 757-99
Dated 3rd April 1901. A sum
of Rupees 13 has also been
provided for contingent
charges such as repairs etc
of lamp posts.

In the Salcette
Municipality two lamps
have been provided for
the year 1901-1902 also.

In the Hole-Narsipur
Municipality a small
provision of Rupees 10 has
been made for repairs
to lanterns, the same being
quite necessary. In Gram
the provision made for the
year 1900-1901 not having
been utilized within the

close

close of the year, has been repealed for 1901-1902. In the budget of Aluva provision has been made for three additional lamp posts as resolved by the Municipal Board in their meeting of the 14th March 1901. In Chennamangalam two lamp posts have been newly provided for.—

In Hassan provision has been made for six lamp posts at Rupees 25 each including boxing charges and costs of lanterns and for 10 posts at 20 Rupees each. These provisions have been rendered necessary owing to the extension of the town in the North and the North West, and to the opening of Conservancy Lanes.

The posts are intended to be substituted for

P. T. O.

wooden ones which have been worn out by use and which will be dangerous if allowed to exist any longer.—

VIII Public Works.

It may be stated in the column under actuals for the 1st half 1900-1901 and probable for the 2nd half, the figures entered are as approximate as possible. The entire budget provision for 1900-1901 has not been put down. As expenditure of provision under Compensation does not require the aid of P. Works Inspectors no supervision charge has been provided on that account.

IX Charitable Grants

The proposal of giving an increase of Rupees 2 to the Hassan Town Municipal

Municipal Vaccinator having been renewed, this provision has been retained.

Miscellaneous.

Under this head, provision has newly been made for the erection of Plague Sheds in all the Municipalities of the District whenever necessary as directed in Government order No 10661-70 Dated 16th February 1901. Another addition is the provision made for the Municipal quota of contribution towards the cost of repairs that may be executed to the Local Fund Dispensaries.

There is one more item which requires to be explained here and

and it is that for two watchers at 5 Rupees each per mensem has been made in Hassan Municipality for maintaining the fruit garden the transfer of which from the Forest Department to the Municipality with effect from 1st July 1901 has been sanctioned in Government Order No 304-6 Dated 13th November 1900. FD.723-99

The remaining items do not call for any special remarks.

The opening balance On 1st July 1901 has as usual been at

ab by totalling up the actual balance on 1st July 1900 (intimated by the Comptroller) and the estimated income of the year 1900-1901 and by deducting the estimated expenditure of the year from the total obtained.

As stated in the last para of the memo submitted with the budget for 1900-1901 the estimated expenditure has been curtailed as far as practicable in regard to the Hemmaraya Pattina Municipality. Endeavours are being made to improve the resources of this Municipality.

Sir,

I have the honor to state that for lig
ing at Hassan Rs 0-13-0 has been provi
one Camp per month. But owing to the preva
of Plague at Hassan, the price of oil has
increased and sometimes will have to be
from weekly fairs on side. The Contrac
prays that the rate per Camp per month
increased by 2 annas. I think the prayer
reasonable and, request that the Governme
will be pleased to accord their sanction for
increased rate from the 1st instant till
ceasing of Plague at Hassan.

The number of Camps, having been
the cost for lighting will not exceed the pro
vision made for it in the budget.

Sir,

With reference to your No. 1260 dated 27 Nov 18
Dated 31st January 1902 asking for
copy of the resolution of the Board
the matter of the increase of the
cost of Lighting Lamps in the
Bassan town from 13 annas to
15 annas monthly, I have the
honor to state that the matter
being a very small one I consider
it unnecessary to place it before
the meeting. It is clear that the
place is evacuated, that the
contractor has to get the oil
from

from outside and that the price of the same has increased since was sales. - feels that the request was reasonable having regard to the difficulties of procuring the oil on one hand as stated above and of lighting some of them which have been removed temporarily to far off places where people have camped out and the decrease in the number of lamps now used on the other and recommended temporary small increase of 2 Rs for each lamp as it after all notional does not increase the total cost but gives a saving Besides there has been the difficulty of getting the necessary quorum for a meeting as most of the members have gone out of the town

2 —— In view of the above circumstances I feel bound to order it respectfully that a resolution is passed for every matter however trivial for a saving should be unanimously but that of course it should be open to reference to get on the record and that there is no difficulty which

requires.

3 — The number of Camps now actually used in the Town is 4.

I have the honor to be
Sir
Your Most obedient Servant.
